Call for Posters

Researchers from the School of Social Work & College of Engineering at The University of Texas at Arlington are hosting a NSF funded conference, "Build and Broaden: Conference on Social Connections to Promote Individual and Community Resilience in Post-COVID-19 Society", on October 7th and 8th (Thursday and Friday) at Hilton Arlington, Arlington, Texas.

Student Poster Session will be held in the afternoon of October 8th (Friday).

Students and trainees at all levels are invited to present posters on cutting-edge research on social connections to promote individual and community resilience in Post-COVID-19 Society.

Research topics include but are not limited to:
- Social connections as key social capital in coping with the COVID-19 crisis
- Vulnerability and risks of COVID-19 and mitigation impact of social connections among   minority and high-risk populations
- Innovative methods in investigating the impact of social connections in vulnerability and resilience to COVID-19

Title & Abstract (up to 250 words):

Submit Here

- Submission deadline: September 20th, 2021.
- Acceptance of abstract will be notified by September 27th, 2021.

The accepted posters will be presented by student authors in the poster session.
The leading student presenter will receive a $50 amazon e-gift card.
1st, 2nd, and 3rd prize for poster presentations will be awarded a certificate.

If you want to attend the conference main session, the registration is FREE.
